

Fixed Annuities

Deferred and Immediate

PRODUCT PORTFOLIO OVERVIEW

United of Omaha's pledge to our customers

United of Omaha Life Insurance Company — a Mutual of Omaha company — offers our policyowners protection in the services we provide. We are dedicated to sound business practices and prudent, responsible management of our policyowners' money. United of Omaha earns consistently high ratings from independent insurance rating agencies that affirm our achievements and long-standing record of safety, growth and service.

Single Premium Deferred Annuities

Single premium deferred annuities (SPDAs) help your clients accumulate assets for retirement and provide them with the peace of mind of knowing that their investment will not decline in value by offering tax deferred growth and a fixed rate of return. For a single initial investment, SPDAs earn a fixed rate of interest over time and your client's money grows tax deferred until they decide to begin receiving annuity payments.

Our Deferred Annuities – a comparison

We offer two different SPDAs. The chart below can help you compare the key features of the products. For detailed information on these products, please see the following pages.

Single Premium Immediate Annuities

Single Premium Immediate Annuities (SPIAs) provide your clients with a guaranteed, reliable income stream that they can't outlive, which can help ease their financial worries in retirement years. If your clients are nearing retirement age or are already retired, SPIAs provide a supplement to their retirement income through a series of income payments throughout their lifetime or for a specific period of time. Your clients can use the income however they wish, including paying for basic day-to-day living expenses.

Our Immediate Annuities – a comparison

We offer two different SPIAs. The chart below can help you compare the key features of the products. For detailed information on these products, please see the following pages.
