And unlike most multi-year fixed annuities, you'll have access to your money at any time with no surrender charges. So, you'll feel more confident about your future and more confident now.

Why Choose Pacific Harbor?

Pacific Harbor is a continuing contract between you and Pacific Life that can help grow, protect, and manage retirement savings in a tax-advantaged way. Consider this strategy if you:

- Need to grow your money for retirement but aren't comfortable with market risk.
- Are close to retirement and want certainty of a rate of return.
- Want the ability to access to your money when you need it with no withdrawal charges.
- Have reached 401(k) and/or IRA contribution limits.
- Think Social Security retirement benefits or pension income won't cover your expenses.

Pacific Harbor is specifically designed to address some of the most common risks in retirement.

Retirement Risk	Pacific Harbor Offers:
Low Yields	Competitive Interest Rates. Fixed annuities can typically offer higher interest rates than other fixed-interest products such as CDs. In addition, because monies grow tax-deferred, after-tax yield may even be more favorable.
Market Volatility	Principal Protection. Fixed annuities offer a fixed rate of return with no market participation—all backed by the assets of one of the nation's largest insurance companies.
Taxes	Tax-deferred Growth. Earnings accumulate free from current taxation until you make a withdrawal. This ensures your money continues to compound and stay working for you over time.
Outliving your Money	Income and Legacy Options. Create a steady flow of income you can count on or leave your beneficiaries a legacy.
