

ForeIncome II Advisory
Fixed Index Annuity

Issued by Forethought Life Insurance Company

**Your
retirement
could last
30+ years.**

ForeIncome II fixed
index annuity can help
you build a guaranteed
“paycheck” for life.

Not a bank deposit | Not FDIC/NCUA insured | Not insured by any federal government agency | No bank guarantee | May lose value | Not a condition of any banking activity

Whatever “retirement” means to you, one thing’s for sure: you’ll need a source of income that’ll last as long as you do.

If you’re looking to secure a source of retirement income that’ll be there no matter how long your retirement lasts, consider a ForeIncome fixed index annuity.

ForeIncome fixed index annuity gives you:

A “retirement paycheck” you can’t outlive

ForeIncome fixed index annuity can provide you with lifetime income that’ll keep coming – even if your retirement lasts 10, 20, or 30+ years.¹

Personalized growth potential

With ForeIncome fixed index annuity, you can tailor your contract according to your needs through various fixed and/or index-linked interest crediting strategies. And you can choose from different options to receive your income.

Down market protection

No matter how you choose to potentially grow your money, negative market performance won’t reduce it.

What is a fixed index annuity (FIA)?

- An FIA is a long-term savings vehicle that offers tax-deferred potential growth that may be linked to a market index (or indices).
- FIAs are insurance contracts, not registered securities or stock market investments – you’re never invested in the index itself with an FIA.
- FIAs (like ForeIncome) typically feature downside market protection.
- An FIA may help offset the ups and downs of equities (like mutual funds) in a retirement strategy.

¹ Assuming no excess withdrawals. Early withdrawal charges and Market Value Adjustments (MVA) may apply. Withdrawals may reduce any optional guaranteed amounts in an amount more than the amount of the withdrawal.

Guarantees provided are subject to the financial strength of the issuing insurance company; not guaranteed by any bank or the FDIC.

How does ForeIncome FIA work?

Your ForeIncome FIA contains two different buckets: one for your contract value and another for the Withdrawal Base. The contract value is your annuity account balance and the Withdrawal Base is a figure that'll help determine your future income.¹ These different buckets have the potential to grow over time as you accrue interest, though they grow at different rates.

Although you're not invested directly in an index, your contract value accrues interest based on index performance. Meanwhile, your Withdrawal Base may grow using one of two optional strategies, available for an additional cost, both of which provide powerful income growth potential.

This hypothetical is no guarantee of future results. Actual results may vary.

* Graph is reflective of the optional Guaranteed Income Builder Benefit selection.

¹ The Guaranteed Income Builder Benefit is included on date of issue for an annual charge of 1.20% of the Withdrawal Base at the end of each contract year. The Withdrawal Base is a separate numerical value used to help determine the amount of future income. It is not available for cash surrender or as a death benefit.

Guarantees provided are subject to the financial strength of the issuing insurance company; not guaranteed by any bank or the FDIC.

How is the guaranteed lifetime income payout calculated?

When you choose to start your income, your income payments are based on the Withdrawal Base growth option you originally selected, the amount your Withdrawal Base has grown to, your current age, and whether you elect single or joint-lifetime guaranteed lifetime income.^{1,2,3}

Ready to activate your guaranteed lifetime income?

You only have to make two decisions:

1. When you'd like to start receiving lifetime income.
2. If the lifetime income will be paid to just yourself, or to both yourself and your spouse.

Imagine this: you purchase a ForeIncome FIA and choose the optional Income Multiplier Benefit to grow your Withdrawal Base.

By the time you're 72, your Withdrawal Base grows to **\$260,000** and you decide to activate your income. You choose joint-lifetime income for you and your spouse.

Based on the Income Multiplier Benefit lifetime income percentages on **page 9**, you and your spouse would receive **6.45%** of your **\$260,000** Withdrawal Base – **\$16,770** – every year for the rest of your lives.

That means that even after you pass, your spouse will keep getting that same **\$16,770** every year for life too. And with the Income Multiplier Benefit option, those payments may even increase after you start receiving income. One year after you activate your Income Multiplier Benefit, unfortunately, your spouse experiences an unexpected health setback.

¹ The income multiplier benefit is included on date of issue for an annual charge of 1.05% of the Withdrawal Base at the end of each contract year. The Withdrawal Base is a separate numerical value used to help determine the amount of future income. It is not available for cash surrender or as a death benefit.

² Income Multiplier Benefit Lifetime Withdrawal Percentages effective 05/20/2024. Joint-life income is based on the younger age on the income start date.

³ Assuming no excess withdrawals.

An annuity that provides bonus or multiplier features may offer higher or lower strategy parameters on applicable index strategies, such as index caps, than a product that doesn't offer those features. Over time and under certain scenarios, the amount of the bonus or multiplier may be offset by these differences.

Guarantees provided are subject to the financial strength of the issuing insurance company; not guaranteed by any bank or the FDIC.

Additional income for the unpredictable

The **Income Enhancement Benefit**^{1,2}, will **double** your guaranteed lifetime income for up to five years should you or your spouse face a qualifying healthcare need³ – included at no additional cost. Here are the details:

- The Income Enhancement Benefit is a benefit for both single and joint lifetime income.
- You must be 75 or younger at the time of the ForeIncome FIA purchase.
- The benefit may only be elected after guaranteed income has been activated.^{3,4}
- You must be certified by a licensed healthcare practitioner as being unable to perform at least two of the six Activities of Daily Living (ADLs) to be eligible for the Income Enhancement Benefit.⁵
- Once the benefit period ends, you return to receiving the original guaranteed income amount for the rest of your life.⁶

You and your spouse visit your licensed healthcare practitioner, where they certify that your spouse is unable to perform at least two of the six ADLs. Knowing there will likely be new healthcare expenses, you decide to activate the **Income Enhancement Benefit**³ at no extra cost, providing you with **\$33,540** each year for up to five years.⁵

Six Activities of Daily Living (ADLs)

- Bathing
- Eating
- Contenance
- Dressing
- Transferring
- Toileting

While your spouse recovers over the course of the next five years, you receive **\$167,700** in total. That is an **extra \$83,850** that may be used to help afford your spouse’s unforeseen healthcare expenses. At the end of the Income Enhancement Benefit period, you both return to receiving your annual income payments of **\$16,770 for the rest of your lives.**⁶

¹ State variations apply. The Rider is not long-term care insurance and is not intended to replace such coverage. It is referred to as the Annual Payment Accelerator Rider in the contract.

² The benefit is available only if your contract value is above the minimum allowed under the Income Enhancement Benefit.

³ The contract value must exceed the greater of a) the Minimum Contract Value; and b) the doubled Lifetime Annual Payment (LAP) at the time of activation and on each Contract Anniversary in order to exercise/continue the benefit or else it will be terminated.

⁴ There is a one-year waiting period and a 90-day elimination period prior to receiving benefits.

⁵ Recertification by a healthcare professional is required prior to years three, four, and five, if applicable.

⁶ Once the Income Enhancement Benefit period ends, a new benefit period is no longer available. The Income Enhancement Benefit may be used only one time per contract.

Guarantees provided are subject to the financial strength of the issuing insurance company; not guaranteed by any bank or the FDIC.

How do you continue to receive guaranteed income for life?

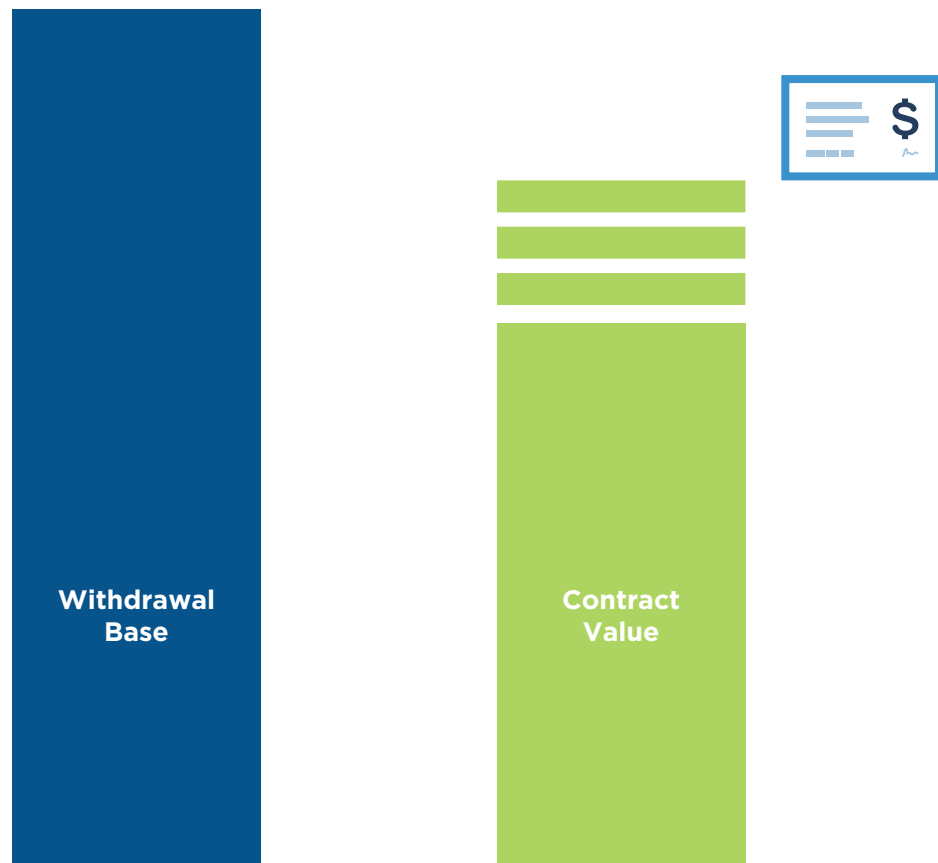

When you start receiving income, lifetime income payments come from the contract value, not the Withdrawal Base. As long as you don't take excess withdrawals, your income never goes down due to lifetime income payments, and may potentially go up, for as long as you (and your spouse too, if joint income is selected) live, even if your contract value is depleted.

Here's how:

When you begin receiving income...

Your income is based on the size of your Withdrawal Base (which never goes down due to lifetime income payments and may potentially even go up¹).

Your income comes from your contract value. But even when depleted, you'll still get lifetime income.

¹ If the optional Income Multiplier Benefit is selected.

What are the two Withdrawal Base growth options?³

Initially, your Withdrawal Base amount is the same as your contract value. But over time, your Withdrawal Base may grow through one of two growth options^{1,2}:

The Income Multiplier Benefit

Adds **1.25X** any interest credits your contract value earns to your Withdrawal Base before and after your income starts.

OR

The Guaranteed Income Builder Benefit

Builds your Withdrawal Base with steady **12%** annual growth for up to ten years or until income activation, whichever is earlier.

¹ The income benefit is included on date of issue for an annual charge of 1.05% for the Income Multiplier Benefit or 1.20% for the Guaranteed Income Builder Benefit of the Withdrawal Base at the end of each contract year. The Withdrawal Base is a separate numerical value used to help determine the amount of future income. It is not available for cash surrender or as a death benefit.

² Under either options 1 or 2, the Withdrawal Base at issue equals your premium payment. It is important to note that the Withdrawal Base is separate from contract value and is not available for cash surrender or as a death benefit.

³ One of these two optional riders must be elected at contract issue.

The potential for powerful rising income.

The Income Multiplier Benefit, if selected, offers potential for powerful interest crediting towards your Withdrawal Base to help you build your future income. Designed to help offset the risk of inflation, this option works in two stages – the building income and the taking income stages.^{1,2,3,4}

Building income stage

During this stage, 1.25X any interest credits your contract value may earn are added to your Withdrawal Base for future income.

Taking income stage

After income starts, 1.25X any interest credits your contract value may earn are added to your Withdrawal Base to increase your income (and if no credits, your Withdrawal Base and income stays level).

This hypothetical is no guarantee of future results. Actual results may vary. The Income Multiplier Benefit is included on date of issue for an annual charge of 1.05% of the Withdrawal Base at the end of each contract year.

¹ The income benefit provides guaranteed lifetime income called Lifetime Annual Payments (LAP) that are determined as a percentage of the Withdrawal Base at the time of income activation. The percentage is called the Lifetime Withdrawal Percentage (LWP), is based upon age at income activation, and is locked in for life when income begins. LWPs vary based on single or joint income.

² For contracts issued prior to age 50, the Deferral Bonus and Withdrawal Base increases will not apply until the first contract anniversary following attainment of age 50 and the benefit fees will not be assessed until the first contract anniversary following attainment of age 50. Upon the contract anniversary following the attainment of age 50, the first Deferral Bonus will be applied and benefit fees will be assessed. The Withdrawal Base and Deferral Bonus Base will initialize at the contract value on the contract anniversary prior to 50th birthday. For Joint owned contracts, the youngest owner's age is used.

³ With the Income Multiplier Benefit option, Withdrawal Base increases are a multiple of the dollar amount of interest credits to your account value in a given year. Prior to activating the benefit, a Deferral Bonus will not be credited in years where a withdrawal occurs. After activation, a bonus will not be credited in years where withdrawals exceed the Lifetime Annual Payment. No bonus will be credited after the Income Phase Bonus Period. The Income Phase Bonus Period is the period during which LAP withdrawals continue to be deducted from the contract value.

⁴ Interest credits received are based on the interest crediting strategy selected. There is the potential for 0% crediting during any strategy term.

Interest Rates are set at the Company's discretion. The Company has the discretion to set various levers associated with the index returns, actual results may vary.

Income Multiplier Benefit lifetime withdrawal percentages¹

With this option, you decide when to activate your income. At age 67, 72, 80 or whenever – **it's up to you.**

When the benefit is activated, you're guaranteed a percentage of the Withdrawal Base annually, based on your age and whether you choose single- or joint-life income. Here are the latest percentages.

Income Age	Single Life	Joint Life	Income Age	Single Life	Joint Life
55	5.05%	4.55%	73	7.10%	6.60%
56	5.15%	4.65%	74	7.20%	6.70%
57	5.25%	4.75%	75	7.40%	6.90%
58	5.35%	4.85%	76	7.50%	7.00%
59	5.45%	4.95%	77	7.60%	7.10%
60	5.70%	5.20%	78	7.70%	7.20%
61	5.80%	5.30%	79	7.80%	7.30%
62	5.90%	5.40%	80	8.05%	7.55%
63	6.00%	5.50%	81	8.15%	7.65%
64	6.10%	5.60%	82	8.25%	7.75%
65	6.25%	5.75%	83	8.35%	7.85%
66	6.35%	5.85%	84	8.45%	7.95%
67	6.45%	5.95%	85	8.65%	8.15%
68	6.55%	6.05%	86	8.75%	8.25%
69	6.65%	6.15%	87	8.85%	8.35%
70	6.75%	6.25%	88	8.85%	8.35%
71	6.85%	6.35%	89	8.85%	8.35%
72	6.95%	6.45%	90+	8.85%	8.35%

And you don't have to pick single or joint-life until you start your income.

¹ Income Multiplier Benefit Lifetime Withdrawal Percentages effective 05/20/2024. Joint-life income is based on the younger age on the income start date

Powerful guaranteed growth.

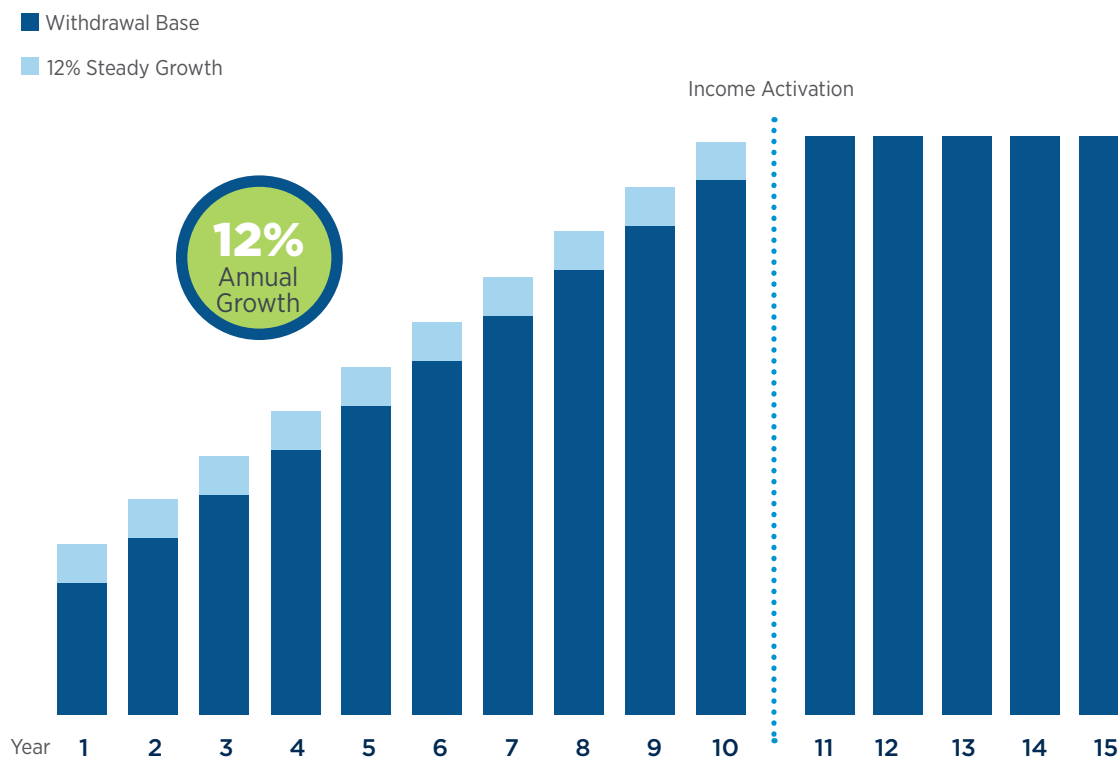

The Guaranteed Income Builder Benefit, if selected, gives you a guaranteed 12% added to your Withdrawal Base for up to ten years or until you activate income, whichever comes first. For example, a \$100,000 ForeIncome FIA purchase would mean \$12,000 added to your Withdrawal Base annually – even if you delay starting your income for up to 10 years.^{1,2,3}

Building income stage

During this stage, the Withdrawal Base grows by a guaranteed 12% up to 10 years before you start taking income

Taking income stage

After your income starts, both the Withdrawal Base and your annual income are locked in for life.

The Guaranteed Income Builder Benefit is included on date of issue for an annual charge of 1.20% of the Withdrawal Base at the end of each contract year.

- ¹ The income benefit provides guaranteed lifetime income called Lifetime Annual Payments (LAP) that are determined as a percentage of the Withdrawal Base at the time of income activation. The percentage is called the Lifetime Withdrawal Percentage (LWP), is based upon age at income activation, and is locked in for life when income begins. LWPs vary based on single or joint income.
- ² With the Guaranteed Income Builder Benefit option, the Withdrawal Base grows by a guaranteed 12% roll-up annually, also known as Deferral Bonus for up to 10 years or until benefit activation whichever comes first. That percentage is of the premium paid, reduced for any withdrawals in proportion to the reduction in contract value and applies to the Withdrawal Base only. The Withdrawal Base is used to determine the withdrawal benefit and is not available for cash surrender or as a death benefit. Withdrawal Base stops growing after ten years or income activation, whichever comes first. A Deferral Bonus will not be credited in years where a withdrawal occurs.
- ³ For contracts issued prior to age 50, the Deferral Bonus and Withdrawal Base increases will not apply until the first contract anniversary following attainment of age 50 and the benefit fees will not be assessed until the first contract anniversary following attainment of age 50. Upon the contract anniversary following the attainment of age 50, the first Deferral Bonus will be applied and benefit fees will be assessed. The Withdrawal Base and Deferral Bonus Base will initialize at the contract value on the contract anniversary prior to 50th birthday. For Joint owned contracts, the youngest owner's age is used.

Guaranteed Income Builder Benefit lifetime withdrawal percentages¹

Just like with the Income Multiplier Benefit, you choose when to start your income with the Guaranteed Income Builder Benefit.

When the benefit is activated, you're guaranteed a percentage of the Withdrawal Base annually, based on your age and whether you choose single- or joint-life income. Here are the latest percentages.

Income Age	Single Life	Joint Life	Income Age	Single Life	Joint Life
55	4.90%	4.40%	73	7.85%	7.35%
56	5.05%	4.55%	74	8.05%	7.55%
57	5.20%	4.70%	75	8.25%	7.75%
58	5.35%	4.85%	76	8.25%	7.75%
59	5.50%	5.00%	77	8.25%	7.75%
60	5.65%	5.15%	78	8.25%	7.75%
61	5.80%	5.30%	79	8.25%	7.75%
62	5.95%	5.45%	80	8.25%	7.75%
63	6.10%	5.60%	81	8.25%	7.75%
64	6.25%	5.75%	82	8.25%	7.75%
65	6.40%	5.90%	83	8.25%	7.75%
66	6.55%	6.05%	84	8.25%	7.75%
67	6.70%	6.20%	85	8.25%	7.75%
68	6.85%	6.35%	86	8.25%	7.75%
69	7.05%	6.55%	87	8.25%	7.75%
70	7.25%	6.75%	88	8.25%	7.75%
71	7.45%	6.95%	89	8.25%	7.75%
72	7.65%	7.15%	90+	8.25%	7.75%

And same thing with choosing single or joint-life - you don't have to decide until you activate your payments.

¹ Lifetime Withdrawal Percentages effective 05/20/2024. Rates are subject to change. Joint-life income is based on the younger age on the income start date.

Other advantages of ForeIncome FIA

Your growth is tax-deferred

Your money grows faster with ForeIncome FIA because any growth is tax-deferred until you start taking withdrawals.

You choose single or joint-lifetime income at the time of activating income

Life happens. That's why we give you the option to receive lifetime income for either yourself or your spouse - not at the beginning of the contract but when you opt to start receiving income.

You can pass on a legacy

Your beneficiaries may receive any remaining contract value as a death benefit.

Ready to add ForeIncome FIA to your retirement strategy?

With the Income Multiplier Benefit

Your Withdrawal Base may increase over time even after you begin income - but it'll never decrease (assuming no excess withdrawals).

With the Guaranteed Income Builder Benefit

You can predictably grow your Withdrawal Base no matter how markets perform or interest rates change.

About Global Atlantic

Global Atlantic Financial Group is a leading insurance company meeting the retirement and life insurance needs of individuals and institutions. With a strong financial foundation and risk and investment management expertise, the company delivers tailored solutions to create more secure financial futures. The company's performance has been driven by its culture and core values focused on integrity, teamwork, and the importance of building long-term client relationships. Global Atlantic is a wholly-owned subsidiary of KKR, a leading global investment firm. Through its relationship, the company leverages KKR's investment capabilities, scale and access to capital markets to enhance the value it offers clients. KKR's parent company is KKR & Co. Inc. (NYSE: KKR).

This material is intended to provide educational information regarding the features and mechanics of the product and is intended for use with the general public. It should not be considered, and does not constitute, personalized investment advice. The issuing insurance company is not an investment adviser nor registered as such with the SEC or any state securities regulatory authority. It's not acting in any fiduciary capacity with respect to any contract and/or investment.

Guarantees provided are subject to the financial strength of the issuing insurance company; not guaranteed by any bank or the FDIC.

A fixed index annuity is intended for retirement or other long-term needs. It is intended for a person who has sufficient cash or other liquid assets for living expenses and other unexpected emergencies, such as medical expenses. A fixed index annuity is not a registered security or stock market investment and does not directly participate in any stock or equity investments or index.

If you are purchasing a fixed index annuity through a tax-advantaged retirement plan such as an IRA, you will receive no additional tax advantage from a fixed index annuity. Under these circumstances, you should only consider buying a fixed index annuity if it makes sense because of the annuity's other features, such as lifetime income payments and death benefit protection.

Taxable distributions (including certain deemed distributions) are subject to ordinary income taxes, and if made prior to age 59½, may also be subject to a 10% federal income tax penalty. Distributions received from a non-qualified contract before the Annuity Commencement Date are taxable to the extent of the income on the contract. Payments from IRAs are taxable in accordance with the normal rules surrounding taxation of payments from an IRA. Early surrender charges may also apply. Withdrawals will reduce the death benefit and any optional guaranteed amounts in an amount more than the actual withdrawal.

This information is written in connection with the promotion or marketing of the matter(s) addressed in this material. The information cannot be used or relied upon for the purpose of avoiding IRS penalties. These materials are not intended to provide tax, accounting or legal advice. As with all matters of a tax or legal nature, you should consult your tax or legal counsel for advice.

Indices are not available for direct investment.
