Most people desire a happy retirement without worrying about outliving their resources. Guaranty Income Life Insurance Company wants that for you, too. With *WealthChoice*, you could preserve your hard-earned wealth, ideally aligned to your own growth and allocation preferences.

WHAT IS A FIXED INDEXED ANNUITY?

A fixed indexed annuity is a tax-deferred contract with an insurance company, which can also provide payments to the owner at some point in the future when additional income is needed for a comfortable retirement.

DEFERRED TAXES

Taxes are deferred until you withdraw your earnings, and as a result, you earn interest on principal and interest on interest, all on a compounding basis.

A fixed indexed annuity credits interest based on the greater of:

- ✓ An annual, guaranteed minimum interest rate; or
- ✓ A portion of the change of an index credited as interest to the contract.

FIXED INDEXED ANNUITIES OFFER PARTICIPATION IN UP TIMES & PROTECTION IN DOWN TIMES

While the interest credited to a fixed indexed annuity is linked to various market indexes, the annuity does not participate in any stock, bond or equity investments. You are not buying shares of stock or an index. The index performance is used to determine the interest rate for the index(es) you have chosen. However, the annuity is not credited the same performance as the measuring index. This is because the annuity premium is also guaranteed to never lose principal due to market downturns. Fixed indexed annuities offer participation for some of the market's growth in up times, but also protection in down times.

GROWTH

Growth and Safety Advantages

As a fixed indexed annuity, *WealthChoice* offers you many financial perks.

Diversified Savings Tool

You have competitive alternatives designed to perform well in different financial environments with a variety of interest rates.

Tax-Deferred Compounding

The growth power of an annuity may increase significantly throughout the life of your contract.

Decreases in index values may not directly impact your *WealthChoice* annuity.

FLEXIBILITY

Access and Income

Although annuities facilitate retirement savings and income augmentation, occasionally you might need to access your assets sooner than anticipated. WealthChoice can accommodate.

Free Partial Withdrawals

Starting your first contract year, you may withdraw up to 10% of your initial premium. Each following contract year you may withdraw up to 10% of the prior anniversary's value. If you surrender your account or take withdrawals in excess of your Free Partial Withdrawal amount during your contract surrender period, the amount in excess of your 10% free amount will be subject to a surrender charge and Market Value Adjustment (MVA). The percentage of the surrender penalty depends on your contract year.

Annuity Payout Options

Once you are ready to turn on those retirement paychecks, you have several payout options to choose from:

- You choose a set number of payout years between 10 and 30 years
- Payout guaranteed for your lifetime
- Payout guaranteed for your lifetime, with a guaranteed period set between 10 and 30 years
- Joint lifetime income for spouses
- Joint lifetime income for spouses, with a guaranteed period set between 10 and 30 years

Guaranteed Living Benefits Rider (GLBR)

This elective income benefit is offered within *WealthChoice* 7- or 10-year plans and costs 0.75% of the accumulated value each anniversary. The GLBR rider permits lifetime withdrawals without excessive penalties or regard to existing funds. Based on the owner's age and whether he or she designates level or increasing payments, the whole withdrawal factor is multiplied by the account value to arrive at the Lifetime Yearly Income maximum.

Required Minimum Distributions

The amount that the IRS requires you to withdraw annually after age 73 is always available without a surrender charge penalty, even if the amount is greater than your free annual withdrawal amount.

Systematic Withdrawals

Depending on your withdrawal preference, you can elect to be paid on an annual, semi-annual, quarterly or monthly basis.

Spousal Continuation

If Joint Income is elected for the spouse, who is also listed as the primary beneficiary, the surviving spouse could continue receiving the lifetime income payments.

INTEREST CREDITING ACCOUNTS

WealthChoice has attractive allocation choices, including a fixed interest account and indexed options that are tied to various market indexes.
