The contract value (adjusted by any applicable MVA¹), may be applied to a variety of lifetime income payment options.</p> <p>Options include (additional options may be available at time of annuitization):</p> <ul style="list-style-type: none"> • Single Life • Single Life with Period Certain • Joint and Last Survivor

¹In FL, MVA not applied at annuitization.

An annuity is intended to be a long-term, tax-deferred retirement vehicle. Earnings are taxable as ordinary income when distributed, and if withdrawn before age 59½, may be subject to a 10% federal tax penalty. If the annuity will fund an IRA or other tax-qualified plan, the tax-deferral feature offers no additional value. Qualified distributions from a Roth IRA are generally excluded from gross income, but taxes and penalties may apply to non-qualified distributions. There are charges and expenses associated with annuities, such as surrender charges for early withdrawals.

Some products may not be available in all states and features may vary by state. Not all products and features are available from all firms.

Guarantees are subject to the financial strength and claims-paying ability of the issuing insurance company.
