MAKE YOUR MONEY WORK SMARTER

People approaching or in retirement often have a common dilemma, which is how to keep their cash safe, readily liquid, and earning interest. A CD comes to mind, but a better option is the Investors Heritage Builder Multi-Year Guaranteed Annuity (MYGA).

A MYGA is designed to be part of your retirement plan purchased with funds you do not plan to need for daily living for the next several years. With a Heritage Builder MYGA plan, your money will be working for you – while not subject to market risk because the interest rate is guaranteed for 3-years, 5-years or 7-years. And there are no annual fees – 100% of your contribution is earning tax-deferred interest.

Make your money work smarter with built-in safety and flexibility.

ELIGIBILITY

The Heritage Builder is available to U.S. citizens ages 0 through 90, for Qualified and Non-qualified funds. Premium minimums and maximums are subject to change. Please see the product Rate Sheet for current amounts.

You have the option to choose a 3-year, 5-year or 7-year guarantee period. With a guaranteed interest rate, you don't have to worry about market downturns during that entire period. Interest is posted to the Account Value daily and compounded at the end of each contract year. Peace of mind provided while your money works for you.

LIQUIDITY

In addition to rate guarantees, the Heritage Builder allows for penalty-free withdrawal options should you need to access funds during your crediting period.

You may withdraw up to 10% of the beginning of year Account Value penalty-free after the first contract year. Your Free Withdrawal can be taken as a one-time payment or as automatic installments paid annually, semi-annually, quarterly or monthly. There is a \$100 minimum for withdrawals and they must be paid by electronic transfer. May be subject to additional terms.

Required Minimum Distribution

RMDs PENALTY-FREE SIX MONTHS AFTER EFFECTIVE DATE

The Heritage Builder MYGA is "RMD friendly." The amount the IRS requires you to withdraw annually after reaching RMD age is available after the first six months, without fee, even if it exceeds your annual Free Withdrawal amount. This applies to qualified accounts only. RMDs may be scheduled for withdrawal to be taken automatically on an annual, semi-annual, quarterly or monthly basis. There is a \$100 minimum for withdrawals, and they must be paid by electronic transfer. May be subject to additional terms.

¹Free withdrawal amounts from Accumulated Interest and Free Withdrawal may be limited by other free withdrawals taken. Minimums subject to change.

Nursing Home Waiver

Up to 50% of the accumulated Account Value is available penalty-free after the first contract year if on a Physician's written recommendation,² the Annuitant is confined in an Eligible Nursing Home due to: medical necessity, the Annuitant being unable to perform two of the Activities of Daily Living (ADL), or the Annuitant having a cognitive impairment. The ADLs are: eating, bathing, dressing, transferring, toileting, and continence (and ambulating in California only). Nursing home confinement must last for 90 days before Annuitant is eligible for the benefit. The Waiver benefit is not available if the annuitant was confined to nursing home when the policy was issued. See California supplemental form for state specific waiver information. Certain restrictions apply, see contract for details. The Nursing Home Benefit is not available in South Dakota.

Surrender Charge Period

The Surrender Charge Period is 10 years in most states and 9 years in California. The following charges will apply during the Surrender Charge Period. See California supplemental information for Withdrawal Charges.

Withdrawal Charges

YEAR	1	2	3	4	5	6	7
3-YEAR	7.65%	7.50%	6.50%				
5-YEAR	7.65%	7.50%	6.50%	5.55%	4.55%		
7-YEAR	7.65%	7.50%	6.50%	5.55%	4.55%	3.55%	2.50%

Market Value Adjustment (MVA)

A Market Value Adjustment may apply to withdrawals over the Free Withdrawal amounts during the Withdrawal Charge Period and to certain annuitization options. The MVA is based on the change in the leading bond index yield from the close of business on the day prior to your contract being issued and the close of business the day prior to your withdrawal. The MVA may be a credit, increasing your withdrawal amount, or a fee, decreasing your withdrawal amount. Due to the mechanics of an MVA, Withdrawal Amounts generally decrease as the index yield rises. When the index yield decreases enough over time, the Withdrawal Amounts generally increase. Even with a negative MVA, you will never receive less than the Guaranteed Minimum Cash Value.

DEATH BENEFIT

Nobody likes to think about it, but everyone has to face it sooner or later. In the event of your death, your beneficiaries will receive a benefit that is equal to the Accumulated Account Value, adding to the legacy you've built. You will be able to name your beneficiaries during the application process.

²A physician is a person who is legally licensed in the United States as a Doctor of Medicine (MD) or as a Doctor of Osteopathy (DO) and who is not the Owner or the Annuitant or a member of the immediate family of the Owner or Annuitant.
