Navigator Elite MVA

*Single Premium, Tax-Deferred,
Multi-Year Guarantee Annuity (MYGA)
with a Market Value Adjustment (MVA)*

Issued by:

Western United Life Assurance Company

Navigator Elite MVA

The Navigator Elite MVA annuity is a single premium, tax-deferred, multi-year guarantee annuity (MYGA) with a Market Value Adjustment (MVA).

A Safe Investment

Western United Life Assurance Company (The Company), as a legal reserve life insurance company, is legally required to maintain reserves equal to the surrender value of your Navigator Elite MVA annuity contract at all times. Insurance laws require levels of capital and surplus that provide an even greater margin of safety. Both premium and interest are 100% guaranteed by Western United Life Assurance Company.

No Sales Charges or Fees

There are no set-up fees or administrative expenses deducted from your single premium to purchase a Navigator Elite MVA annuity. Interest begins to accrue as soon as your premium is received by the Home Office.

Tax-Deferred Growth

Interest earned on your Navigator Elite MVA annuity grows on a tax-deferred basis. You do not pay tax on the interest until you withdraw it. As a result, your premium and interest go to work for you immediately.

Guarantee Period

You may choose a guarantee period of 3, 5, or 7-years for your Navigator Elite MVA annuity. We will declare an interest rate that is guaranteed for the initial guarantee period you've chosen. At the beginning of each contract year thereafter, we will declare a new interest rate to be guaranteed for that contract year. The guaranteed minimum interest rate will never be less than 1.00%.

Distribution Options

Your Navigator Elite MVA annuity can be set up for regular periodic distributions, such as monthly interest. Withdrawals may be made on a monthly, quarterly, semi-annual, or annual basis and will only be distributed as Electronic Fund Transfers (EFT).

Tax Qualifications

Your annuity may be set up using non-qualified or qualified premiums including, Traditional IRA, Roth IRA, SEP IRA, and Simple IRA.

Issue Ages

Your Navigator Elite MVA annuity can be issued for Annuitant ages 0-97, depending on the guarantee period chosen.

Minimum Single Premium

The minimum single premium amount that can be applied to your Navigator Elite MVA annuity is \$10,000. The maximum is \$1,000,000, without prior approval from the Company before an application is submitted.

Surrender Charges

You may take a partial or full surrender from your Navigator Elite MVA annuity at any time before the settlement date. Surrenders in excess of the penalty-free amount are subject to a surrender charge and MVA applicable for the contract year of the surrender.

Surrender Charge Period	Percent per Contract Year
3 Years	8, 7, 6, 0%
5 Years	8, 7, 6, 5, 4, 0%
7 Years	8, 7, 6, 5, 4, 3, 2, 0%

Penalty-Free Withdrawals

Beginning in the first year of your Navigator Elite MVA annuity, you may partially surrender (withdraw) up to 10% of your annuity value per contract year without surrender charges or Market Value Adjustment (MVA).

Waiver of Surrender Charges

Surrender charges may be waived if the annuitant is diagnosed with a terminal illness that results in a life expectancy of 12 months or less. The Terminal Illness Benefit Rider attached to your contract includes the full details.

Death Benefits

There are no surrender charges if the Annuitant dies before payments begin. Your beneficiary has access to the full annuity value as a single sum or as one of 6 other settlement options.

Because this death benefit avoids probate, it can ease inter-generational wealth transfers and reduce fees and delays associated with the probate process. Please refer to the Death Benefits section of your Navigator Elite MVA Annuity Contract for full details.

Almost half of Americans report that outliving their savings is their greatest retirement concern.² Funding retirement remains one of the biggest economic and social challenges facing the world in the 21st century.³

Market Value Adjustment

Your Navigator Elite MVA annuity includes a Market Value Adjustment (MVA). This feature allows us to offer a higher guaranteed interest rate on your annuity than a plan without an MVA.

This adjustment may increase or decrease the amount you receive, and depends on daily changes in the Constant Maturity Treasury¹ (CMT) rates from your contract date.

If you do not annuitize, surrender, or withdraw more than the penalty-free amount during the surrender charge period, the MVA will not affect the value of your annuity.

Auto-Renewal

At the end of the Initial, and each subsequent guarantee period, your contract will automatically continue for a new guarantee period with the same term, surrender charge schedule, and MVA, as shown in the contract specifications. Subsequent guarantee periods will not extend beyond the maturity date shown. If the maturity date falls within a new guarantee period, your contract will continue automatically on an annual basis without surrender charges or MVA until the maturity date.

After the initial guarantee period, you will have a 45-day grace period from the beginning of each subsequent guarantee period to surrender your contract without surrender charges or applicable MVA. We will send you a reminder at least 45 days before the end of each guarantee period.

¹The CMT is an index published daily by the U.S. Department of the Treasury and is based on the Daily Treasury Yield Curve Rates. If CMT rates go up after your contract is issued, the MVA will likely decrease the amount you receive. If CMT rates go down after your contract is issued, the MVA will likely increase the amount you receive. Please contact your producer for more details.
