

Single Premium Deferred Annuity

Is a Woman's Life Single Premium Deferred Annuity right for you?

Purpose: To accumulate money on a tax-deferred basis to help provide for a financially secure retirement.

How it works: The Woman's Life Single Premium Deferred Annuity (SPDA) lets you make a single, one-time premium payment of \$50,000 or more. Your money earns a competitive rate of return¹. The interest rate is subject to change annually but can never fall below the guaranteed minimum interest rate as stated in your contract at the time of purchase. All interest is tax-deferred; no taxes are due until distribution is made from the annuity. When you are ready to retire, benefits can be taken under several options - from a lump sum to income for life, regardless of how long you live.

A Woman's Life SPDA is available as traditional or Roth IRAs and can be used for 401(k) rollovers.

You should consider a Woman's Life SPDA if you want to...

- Make a one-time premium payment of \$50,000 or more.
- Steadily accumulate interest to help assure your financial security in retirement.
- Benefit from the safety of a guaranteed minimum interest rate.
- Defer all income taxes on interest.
- Consolidate or transfer money from other IRAs, and, where permitted, from SEPs or pension plans to achieve convenient, one-stop administration.
- Transfer funds earmarked for retirement from maturing certificates of deposit, mutual funds, life insurance proceeds and other inheritances, as well as profits from home and business sales.
- Provide a child or other family member with a lifelong income.
